

GENDER IN FIGURES

The barriers to economic power are still in place

Proportion of men and women acting as chair or
CEO of the main listed companies

Observatori IQ

[Nadia Sanmartin](#)

Although much is said about gender imbalances in the fields of political and institutional power, it is in the area of economic power where inequality is most extreme. This is clear from the fact that the chairmanship and most senior executive posts (CEO) in the main listed companies are overwhelmingly held by men: 93% of European companies and 97% of Spanish companies.
